On-Time Arrival

When You Choose To Move With Move Central, You Can Be Confident Your Move Will Start On Time

Because we understand you may have time sensitive move-out and move-in deadlines for occupancy and reserved elevators and parking...

We guarantee your moving team will arrive on time, and they have the systems in place to make sure they do.

Sadly, in the moving industry late arrivals (which are stressful and mess up your entire move day) are quite common...not to mention complete no-shows.

We get calls monthly from people desperate for help on moving day when the mover they hired and expected to show up never did.

With Move Central you get your move date confirmed in writing and we give a courtesy call 7 days before the move to check how packing is going and if anything changed and we give another courtesy call 1 day before the move to reconfirm your move details.

A Clean & Well-Maintained Truck

By Clean, What We Mean Is Your Moving Truck Has Never Moved Any Garbage!

Fact.

Many moving companies supplement their business by hauling nasty garbage and junk to the dump, and move clean home belongings in the same truck.

We think that's just wrong, not to mention unhealthy. We treat your belongings the way we'd want our belongings treated.

Because nobody wants their home moved in a "garbage truck"...

Move Central Moving & Storage only moves clean goods in our reliable, well maintained truck fleet.

What's more, our clean truck and professional moving crew will make a good first impression in your new neighborhood.

A Certified, Professional Moving Team Leader

Your Moving Team Leader Liaises With You & The Crew To Make Your Moving Experience A Positive One

With Move Central, there's no need for you to expose your family and your precious possessions to the less desirable, rough and often "fly-by-night" side of the moving industry...

You can be 100% confident only professional, clean and uniformed staff will set foot in your home because every moving team member has successfully completed at least the first stage of the Move Central Mover Certification Program.

Your move team will also be led by a professionally trained, certified Moving Team Leader, whose priority is to make your move experience positive and efficient.

Your Moving Team Leader will lead and guide your team of clean, uniformed movers to safely and efficiently pack, wrap, and move your belongings.

In-Home Blanket Wrapping Of All Your Furniture

Protect Your Furniture & Home From Unnecessary Damage

Your move team will carefully wrap every piece of your furniture with special padded moving blankets and securely tape or shrink wrap the blankets on, all inside of your home before it's ever moved out to the truck.

This guarantees your home's walls, doorways and furniture are properly protected.

Your furniture will also be unwrapped inside your new home (not in the truck like movers who cut corners do, which often leads to unnecessary dings, scratches, dents and breakage).

Be wary of moving companies who do not wrap every piece of your furniture inside your home and who unwrap your furniture outside your new home.

Disassembly And Reassembly Of All Your Furniture That Needs It

Your Hourly Rate Move Will Have You Set Up & Settled In Quickly

Unlike other moving companies, we don't feel it's right to charge you extra for something you'll want and need on your move day – that's why disassembly/reassembly of furniture is included in the service.

Because you have higher priorities on moving day...

We want to help you quickly and easily settle into your new home and get a good night's sleep without having to fiddle with trying to get your bed and other furniture put together.

...so our experienced move teams, with all the right tools, will **happily disassemble and reassemble your furniture that needs it.**
